

# Save Money on Your Everyday Purchases and Make \$40 Every Day!

Date: 03/24/2025

Needless to say, \$40 doesn't go very far these days, but every little bit counts. Using the systems shown on this page, you can make even more if you're consistent and you provide valuable information. More on that in a moment...

In addition to the money you'll **earn** from referrals, use these cashback sites to **save** money on the things you buy on a daily, weekly or monthly basis, to maintain your household. Stack your savings when you use cash back on items that are on sale!

## Maximize Your Referrals

Grab your links to the referral sites, and place them in a note file on your phone. Take 5 - 10 minutes each day to post them on your social media channels.

---

You can also use an auto-scheduling tool like [Meta Business Suite](#) (if you have a Facebook or Instagram account) or [Tailwind](#) (for Facebook, Instagram and Pinterest) to post on your behalf. Plan what you want to post and schedule posts to go out on a schedule you choose. I try to plan posts on Sundays for the entire week, sometimes for the month. Then I'm done, unless there is some major news or an item I want to post.

If you can get at least **one** person each day from each of these two sites to sign up and follow the instructions below, you will earn \$40 (\$10 + \$30) each day, totalling \$200 per week.

If you're able to encourage even more people to take action, and learn the skills I discuss under affiliate marketing, the sky's the limit!

  - Spend 5 -10 minutes each day posting deals from BeFrugal and Rakuten to your page.
